

Advance Search / Search Advisor Course Factsheet

Who is this course for?

The course is designed for those who wish to enhance their own skill set, and to add value to their existing IMAS EOD qualifications through a transition into the Search area of expertise. The prerequisite to attend this course is to have an IMAS EOD Level 3 Certificate or equivalent (on review by our board of SMEs).

The Advanced Search Adviser course is designed to empower successful applicants, with the ability to plan and execute Advanced Search tasks (and training tasks), within a challenging and ever-changing industry.

Is this course recognized globally?

Our courses are delivered to the exacting International Mine Action Standards (IMAS). To ensure quality of training and IMAS compliance our courses are externally validated by the UK-based "Open College Network" (OCN) - Credit4Learning NGO. This gives our training and your certification the credibility and recognition it deserves.

Leading the way in HMA and EOD training

Where is MAT Kosovo located?

MAT Kosovo is situated in Peja in the west of Kosovo at the base of the Rugova Valley surrounded by picturesque mountainous views. Peja is the third largest city of Kosovo with a populace of some 100,000. Only a few minutes' walk sees you in the city Centre, with modern shops, supermarkets, chemists, and many restaurants; it is the perfect place to spend your down time and relax. The locals are friendly and hospitable with Peja boasting a rich cultural and historical heritage, in addition to the breathtaking surroundings.

Advance Search / Search Advisor Course outcomes:

On successful completion of the course, you will have acquired the requisite knowledge, skills & attitude necessary to perform the duties & tasks of an Advanced Search Adviser.
